CONFIDENCE IN EVERY CLEAN

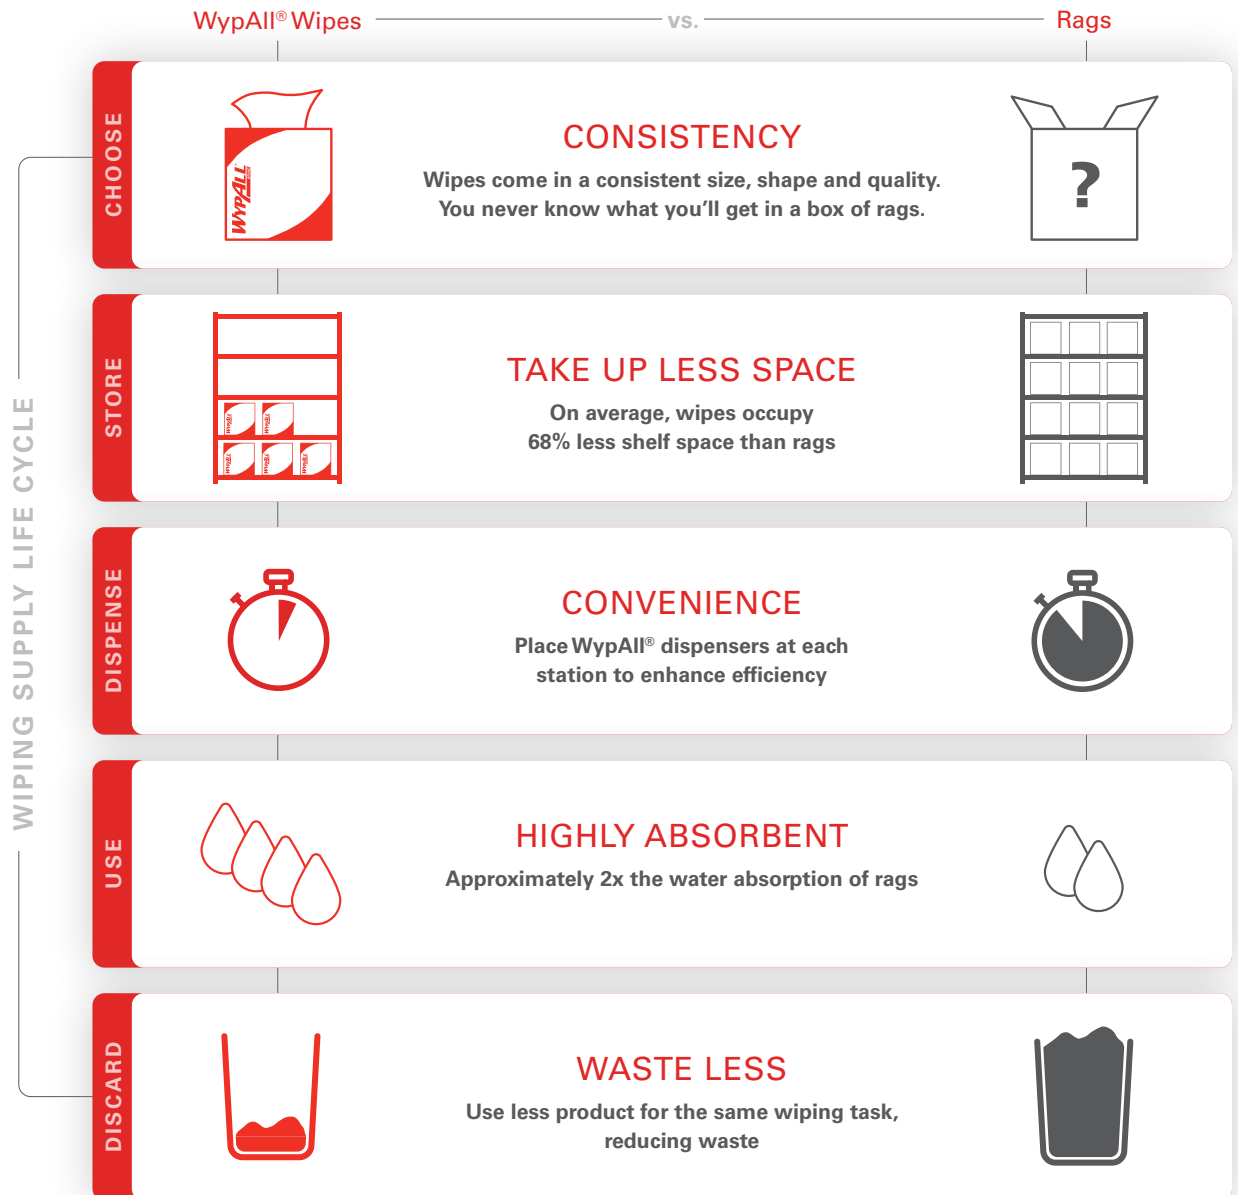

Consider the true cost of rags

Rags are inconsistent in size and quality which can affect productivity. They come in bulky containers that take up space. Plus, because many rags are ineffective and thrown away, they add to landfill waste. Switching to WypAll® wipes can create new opportunities to consume less, reduce waste and cut costs.

Why make the change to disposable?

Throughout the wiping supply life cycle, WypAll® wipers are a best-in-class alternative to rags.

Our portfolio consists of 3 cleaning categories

GENERALCLEAN™

These light- and medium-duty cleaning wipes pick up dirt and dust with maximum efficiency.

- Wiping hard surfaces such as countertops, desks and glass
- Replacing rags or laundered towels
- Absorbing spills and general purpose cleaning

POWERCLEAN™

Heavy-duty options for maximizing performance while minimizing time, effort and product waste.

- Clean machinery, tools and parts
- Absorb industrial spills including grease and oil
- Ideal for airlines, transportation cleaning and more

CRITICALCLEAN™

Help mitigate contamination with solutions that clean, disinfect and sanitize.

- Prepping surfaces in restaurants and cafeterias
- Disinfecting in medical settings
- Cleaning high-traffic locations
