

High traffic **hot spots**

These areas require hygienic solutions to help stop the spread of germs.

- Targeting “hot spots” with hand and surface hygiene, is a key step toward helping reduce the spread of germs.
- Objects touched by lots of people throughout the day should be cleaned and disinfected frequently to help break the chain of germ transmission:

- **Shopping carts**
- **Door handles**
- **Touchscreen terminals**
- **Sink fixtures**
- **Countertops**
- **Tables**
