ICON™ Collection

Interchangeable faceplates

Engineered for a quick and seamless washroom transformation, our interchangeable faceplates can be easily removed and securely replaced.

Iconic Style Natural Accents

Choose from a unique selection of faceplates designed to add a natural accent to your washroom environment. Current designs include a warm marble, cherry blossom and a deep, authentic, ebony woodgrain.

Iconic Style Contemporary Classics

Our range of contemporary classic faceplates offers a practical, yet modern take on traditional black, white, and silver finishes. Subtle, geometric patterning adds depth and style to the conventional flat colour finish.

Custom Faceplates

Endless possibilities

Bring adaptable style and sophistication into your space. Envision an environment for creative expression, as well as unique engagement opportunities, and untap branding and advertising potential with an innovative messaging platform.

Responsible partners in sustainability.

Kimberly-Clark Professional™ supports businesses in improving recycling rates and reducing their waste footprint – ensuring a better future for people, for businesses, and the planet.

More Sustainable

Reduce Waste and Consumption

The ICON™ hand towel dispenser allows you to cut your consumption by up to a third versus the leading competitor folded hand towel and the stub roll feature allows for up to 100% product utilisation.¹

Kleenex® rolled hand towels designed for the ICON™ dispenser use up to 33% less paper fibre per hand dry than leading competitor's standard folded hand towels.¹

¹Results of Hall Test conducted by Sapio agency July 2021.

Hassle-free recycling for dispensers and Kimberly-Clark Professional™ hand towels.

Dispenser Recycling*

The world's first dispenser installation and recycling service

Our professional fitters will remove, collect and recycle your old dispensers – no matter who the manufacturer is – and ensure your workplace remains healthy, safe and productive during installation.

We'll ensure new dispensers are loaded, ready for use, and cleaning staff are completely confident in how to operate and service them.

-  New dispensers are covered by our Lifetime Guarantee
-  Peace of mind – from start to finish

Hand Towel Recycling

Transform used hand towels into new Kimberly-Clark Professional™ products

With no up front investment or additional labour, RightCycle™'s "closed loop" service recycles your paper towels as easily as throwing them away, with all the additional benefits to your business – and the planet.

-  Meet your sustainability goals
-  Divert waste from landfill
-  Demonstrate your commitment to sustainability

*The dispenser recycling service is currently only available in Germany.

Electronic Rolled Hand Towel Dispenser

An elevated hygiene
experience engineered to
give you control.

Confidence by Design

Electronic Rolled Hand Towel Dispenser

Elevate your space with the latest advancement in reliable and hygienic dispensing.

Thoughtfully engineered with a focus on sustainability and design, the Kimberly-Clark Professional™ ICON™ rolled hand towel system refines every interaction of the dispensing experience from servicer to end-user.

The Kimberly-Clark Professional™ ICON™ rolled hand towel dispenser, reduces refill times by delivering up to three times the number of hand dries per fully loaded dispenser than leading folded hand towel competitors.¹

¹Results of Hall Test conducted by Sapio agency July 2021

ICON™ Collection

Game Changing Hygiene

The Kimberly-Clark Professional™ ICON™ dispenser was designed with a goal to reduce the potential of cross contamination. Taking into account every interaction, the ICON™ dispenser is a next-level hygiene experience engineered to minimise the risk of spreading germs from every touchpoint.

The Kimberly-Clark Professional™ ICON™ hand towel dispenser rated the most preferred for workplace washrooms.¹

¹Hall Test conducted by Sapio Research Agency in July 2021

Touchless Dispensing

Reduce the risk of spreading germs with contactless dispensing.

Minimised Maintenance Touch-points

Intuitive servicing with less time in contact with the towel roll reduces the opportunity for cross contamination.

Hidden Towel Mode

Minimise chances for airborne contaminants and keep paper inside dispenser until user prompted.

Advanced Technology

Ultimate Dispensing Experience

Designed to provide a more controlled and sustainable washroom experience that makes it effortless for clients, servicers and choosers alike. Our ICON™ hand towel dispenser builds on Kimberly-Clark Professional's 150-year history in innovation, delivering our most technologically advanced system to date.

Performance

Performance and Efficiency

The latest in advanced engineering, ICON™ from Kimberly-Clark Professional™, is designed to set a new standard of dispensing. ICON™ enables you to control your waste and meet your key performance indicators, providing reliability and a level of system efficiency you can depend on.

4 out of 5 people rated the Kimberly-Clark Professional™ ICON™ rolled hand towel dispenser system better than the leading competition for hand drying satisfaction.¹

¹Results of Hall Test research conducted by Sapio Research Agency July 2021

Comprehensive Lifetime Warranty for our ICON™ dispenser collection.[†]

Proudly offered by Kimberly-Clark Professional™.

Streamlined Dispensing

Towels are ready when you are because of a patented dual sensor design that precisely dispenses the amount of paper towels required.

Nearly Noiseless Operation

With practically noiseless operation, the ICON™ hand towel system is the quietest dispenser available today.

Efficient Servicing

LED lights communicate when a unit needs attention, minimising time wasted and reducing touchpoints for a more hygienic experience.

Jam-free Operation

The Kimberly-Clark Professional™ ICON™ dispenser uses a patented dual sensor design delivering 99.9% jam free performance.¹

100% Product Use

Minimise waste and maximise use with stub roll capability that enables restocking before the roll is empty, streamlining maintenance.

Long-lasting Battery Life

Get more than 150,000 dispenses on a single set of batteries in the energy efficient ICON™ hand towel dispenser.²

¹Dispensing test conducted by Patmore Slade Horizons in September 2021

²Based on an average of 30,000 dispenses per year using historical usage and foot traffic data

Servicing

Designed to be effortless

Engineered with you in mind, every detail of the ICON™ dispenser has been refined to offer an unsurpassed experience. Other dispensers are designed around paper.

The ICON™ dispenser is designed around you.

The Kimberly-Clark Professional™ ICON™ dispenser:
Our best servicing experience yet.¹

¹Based on Kimberly-Clark Professional™ janitor study

Refined Maintenance

Touch panel simplicity

The easy-to-read touch panel is designed for intuitive servicing while preventing accidental setting adjustments.

Flexible Accessibility Options

Versatile locking mechanism options include push button entry and a custom key entry location for increased accessibility.

Controlled Opening

ICON™'s sophisticated dampened hinge technology controls opening to make change outs effortless.

Colour-coded Touchpoints

Maintenance is simplified through a colour-coded system with intuitive touch points that minimises contact, for a more hygienic paper towel change-over.

Controls

- 1 Lock-out feature**
Prevents accidental setting changes. Hold button for 3 seconds to unlock.
- 2 Towel length**
Select from 3 sheet length options: 10" (25.40 cm), 12" (30.48 cm) and 14" (35.56 cm).
- 3 Sensor sensitivity/Hanging mode**
Set towel in hidden or hanging mode and adjust sensor to 2 levels of sensitivity.
- 7 Feed paper**
Manually feed paper with a touch of a button for refined reloading.

Indicator lights

- 4** Indicates new roll/stub roll change
- 5** Indicates new roll/stub roll change
- 6** Low battery indicator

Servicer alert LED

- 8** Blue - low paper alert
Red - maintenance alert
